PROFILE

I am a motivated engineering student with a strong sense of responsibility and organization. I am eager to begin my professional journey by gaining hands-on experience, applying my academic knowledge in a practical environment, and continuously developing my technical and interpersonal skills while contributing effectively to the organization.

WORK EXPERIENCE

Indo Lancer's
A Website Development Agency

- Led growth initiatives to increase client acquisition and market visibility for website development services.
- Developed and executed strategic marketing and outreach plans to support business expansion.
- Built and managed partnerships, contributing to consistent lead generation and brand growth.

Internal Hackathon
Participate In Hackathon

- Led a team during an internal hackathon, coordinating tasks, guiding team members, and contributing to the planning and development of the project within a limited timeframe. This experience strengthened my leadership, communication, and problem-solving skills

Academic Projects

- Developed basic web pages using HTML and CSS
- Worked on small Python programs focusing on logic building
- Applied problem-solving skills through hands-on practice

EDUCATION

Bachelor Of Technology
School of Engineering | P.P. SAVANI UNIVERSITY
